December 1, 2020

Dear Parents/Guardians,

As you are aware the Upper Canada District School Board recently advised all parents and guardians that in the event of an Inclement Weather day all UCDSB schools would be closed to students. This closure will affect both students that receive transportation via STEO, as well as students that walk to school (or receive a drive from a parent).

As mentioned in the communication from Director Sliwa, students will not be marked absent on these Inclement Weather days. Though schools will be closed, the safety of our students is still a top priority and as such we need to ensure that all students that do not receive transportation via STEO are safely accounted for. Please contact the school via your usual method for reporting your child's absence, whether it is by phone (613-257-2720), My Family Room ([www.myfamilyroom.ca](http://www.myfamilyroom.ca)), or by email ([CPH\\_OfficeAdmins@ucdsb.on.ca](mailto:CPH_OfficeAdmins@ucdsb.on.ca)) to acknowledge that you are aware of the school closure.

Thank you,

Shelley Riddell, Principal
